The best alternative to nature

Edel Grass The best alternative to nature!

Edel Grass has over thirty years' experience in the market for artificial turf pitches and sports fields. As a seasoned player from the very outset, we provide high quality systems for both sports and leisure purposes. Our artificial turf pitches for field hockey, tennis and football meet the most rigorous play specifications. In cooperation with our partners, we provide innovative and sustainable system solutions, creating an environment tailored for top performance and recreation where budding talent can grow and flourish!

Materials that make a difference

TenCate Grass develops and produces synthetic turf fibres and components, and designs systems for sport, recreation and landscape applications. Together with partner Edel Grass, TenCate Grass aims to achieve a system approach. This gives users confidence in playing characteristics and durability. TenCate Grass is technology-driven and occupies a leading market position worldwide.

Edel Grass Landscaping

Edel Grass has an extensive artificial turf collection for landscaping use. Our own research and development centre gives us the ability to design, produce, test and refine our own products. Our collection is suitable for the following applications:

- Children's playgrounds
- Gardens and roof terraces
- Hotel and business parks/office sites
- Public spaces such as roadside verges and roundabouts

Edel Grass supplies artificial turf products via partners in business. These include wholesale companies, professional installation firms and the DIY channel.

The advantages of our artificial turf are as follows:

- Natural and realistic appearance
- Uniform quality throughout the year
- Comfortable
- Extremely durable
- Easy to maintain (no more mowing, sprinkling or fertilizing required)
- UV-stability

Quality

Quality standards on artificial turf field are becoming increasingly stringent. Artificial grass grounds should be in perfect condition all year round. Year after year. This makes innovation and quality key concepts in the artificial turf market. For us as artificial turf supplier, but of course it applies to our partners as well. That is why Edel Grass always choose reliable partners. Together, we are constantly working to develop artificial turf systems to supply the market with sustainable, high-quality facilities!

Guarantee

Edel Grass provides an eight-year guarantee on its products. This also covers UV-stability and technical faults.

Environment

Edel Grass and its partners feel very strongly about sustainable development. We strive to produce sustainable systems. We have already made several advances in this area in recent years. Our ultimate goal is to produce systems in which all components can be recycled or broken down in an environmentally friendly manner. We will continue to work with our partners towards achieving this goal!

Gardening has
never been so easy!

Our "Leisure@Home" collection offers you a great variety of artificial grass solutions for your garden. Our ultra low maintenance, hard wearing, and extremely soft products really look and feel like the real thing. But without the hassle of course! So lean back, relax and enjoy the easy living.

Leisure@Home

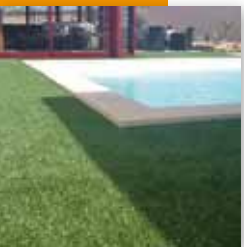

Gardening has never been so **easy!**

The appearance and allure of natural grass combined with the comfort and user-friendliness of artificial grass: that's what Edel Grass Leisure@home can offer you.

The daily maintenance of your garden is a highly time-consuming occupation. As well as mowing the lawn, you've also got to water it, weed it and add artificial manure to keep the grass in good condition. With the artificial turf applications which Edel Grass Leisure@home can offer you, all that can be a thing of the past.

Edel Grass has an extensive collection of Leisure@Home products. All of which will give you a permanent green lawn, all year round. The artificial turf is easy to install and involves minimal maintenance; just removing the odd leaf and occasionally sweeping the grass is all you'll need to do. This soft-feeling artificial turf is suitable for the garden, balcony, roof terrace and around swimming pools.

With Edel Grass Leisure@Home products, spending time in your garden will become truly enjoyable and you'll be helping the environment! After all, who wouldn't want to have green grass all year round?

Dare to be different!

Colour up your world with our variety of life-style rugs! Designed to stand the toughest outdoor conditions. Soft and comfortable rugs to accompany your furniture inside and out! Many trendy bi-coloured shades ensure a perfect match with your personal lifestyle.

Landscaping

Green up the **World!**

Everyone wants to live in a green environment, but maintaining your grass is often an expensive and time-consuming business. The Edel Grass Landscaping applications provide a solution to this problem. The product gives public spaces a wonderfully green appearance and is much easier to maintain than natural grass.

The products are suitable for public spaces such as roundabouts, roadside verges and lawn areas surrounding schools, hotels, hospitals and other private and (semi) public institutions.

Edel Grass Landscaping; a perfect solution to your public spaces. Installed by qualified professionals, our artificial turf will give your environment a perfect green appearance for many years to come.

Let the fun begin!

Playing areas nowadays have to stand the toughest tests in town. Our playing areas combine safety with a bright and colourful appearance. Soft enough to protect our dearest and strong enough to last! So have fun and play, it's OK!

Playing Areas

Let the **fun** begin!

Give your playground or playing area a more attractive, fun appearance with Edel Grass Fun. Our Fun synthetic grass is available in five colourways which you can combine into different blocks to create different games or game boards.

To create a safe playing area for children, a special shock absorption mat is used as a substrate. This makes Edel Grass Fun a durable and safe solution for your playground. To ensure optimum performance, the artificial turf should be filled in with quartz sand.

Edel Grass Fun is available in five different colourways:

- Green
- Yellow
- Blue
- Red
- White
