

Sustainability Product Report

Product Name: *SIF 922*

Summit International Flooring (SIF) products are formulated to balance both *'performance' and 'transparency'*. Please feel free to contact us directly to request documentation or to ask for assistance in meeting the requirements for *LEED, Living Building Challenge (LBC) or WELL Building Standard* projects.

- ✓ **Technical Data Sheet (TDS) & Safety Data Sheet (SDS):** Technical data sheets, safety data sheets and surface preparation bulletins for this product are available on our Summit International Flooring website: <http://www.summit-flooring.com>. Please follow all manufacturers' recommended installation procedures and acceptable industry standards and methods for this product.
- ✓ **ISO 14001 Certified & LEEDv4:** SIF adheres to an environmental management system in support of preventing pollution, minimizing environmental impacts and effectively using resources with regards to the company's activities, products and services. Currently ships from various sites around country, including the following zip codes: 07541, 08085, and 85281.
- ✓ **Living Building Challenge (LBC): Materials Petal—13. Living Economy Sourcing Imperative Sourcing of Raw Materials.** The project must incorporate place-based solutions and contribute to the expansion of a regional economy rooted in sustainable practices, products, and services. Manufacturer location for materials and services must adhere to the following restrictions:
 - *20% or more of the materials construction budget must come from within 500 kilometers (310 miles) of construction site.*
 - *An additional 30% of the materials construction budget must come from within 1000 kilometers (621 miles) of the construction site or closer.*
 - *An additional 25% of the materials construction budget must come from within 5000 kilometers (3,106 miles) of the construction site.*
 - *25% of materials may be sourced from any location.*
 - *Consultants must come from within 2500 kilometers (1,553 miles) of the project location*
- ✓ **Recycled Content:**

- ✓ **VOC Emission:** *Not Available*

Summit International Flooring

- ✓ **Product Transparency:**
 - ✓ **Manufacturer Inventory (MI):** Not Available
 - ✓ **Health Product Declaration (HPD):** Not Available
 - ✓ **Cradle to Cradle (C2C):** Not Available
 - ✓ **Living Building Challenge (LBC) 'red list free':** SIF has publicly disclosed an ingredients list within this product on the Safety Data Sheet (SDS) as required by laws and regulations. The portion of the ingredients that are not required to be disclosed on the SDS are considered to be confidential business information. These ingredients are screened per the most current LBC 'red list' (v3.1) ILFI website: <https://living-future.org/declare/declare-about/red-list/> and are found to not contain any intentionally added 'red list' chemicals.

- ✓ **Accessory Materials:** all additional SIF products required for product application (per TDS) and warranty requirements (*such as latex additive, reinforcing fabric or fiberglass mesh*) for the SIF installation system.
 - Not Applicable

At Summit International Flooring, we realize to be truly “sustainable” you need to continually invest in R&D. When a product is in the developmental stage, all factors influencing its impact to the environment and human health are evaluated from a sustainable perspective—from the raw ingredient selection, to the formulation, through the production process and delivery to the job site.
